GUIDELINES & TIPS

- **It doesn't need to be long or complicated.** Share about topics your child will understand, such as your pets, hobbies, school/job, activities, favorite scripture verses and your relationship with the Lord. Use this as an opportunity to encourage your child and ask them questions.
- **Highlight the things that you have in common.** Please refrain from discussing your material possessions or other things that will call attention to your differences.
- **Include a photo of yourself and your family.** Your child will treasure your picture. Due to cultural differences in dress standards, please be sure everyone in the photo is dressed modestly. For example, pool or beach attire would not be appropriate for photographs for your child.
- **You are welcome to send items to your sponsor child.** Please be sure anything you send fits into a 9x12 envelope.
- **The content of your letter should be consistent with a Christian worldview and the values of Back2Back.** Any materials that do not represent a biblically-based lifestyle or are deemed inappropriate for your child's age or culture will not be forwarded.
