GUIDELINE & TIPS

- **Keep it simple.** Share about topics your child will understand, such as your pets, hobbies, music, sports, activities, favorite scripture verses and your relationship with the Lord. Use this as an opportunity to encourage your child in his or her relationship with the Lord.
- **Highlight the things that you have in common.** As you develop a friendship with your child, you may discover you have a shared interest, such as a passion for sports or an interest in music. Please refrain from discussing your material possessions or other things that will call attention to your differences.
- **Include a photo of yourself and your family.** Your child will treasure your picture. Due to cultural differences in dress standards, please be sure everyone in the photo is dressed modestly. For example, pool or beach attire would not be appropriate for photographs for your child.
- **We are not able to forward gifts.** Please do not include items such as jewelry with your letter. Items acceptable to include are photos or postcards.
- **The content of your letter should be consistent with a Christian worldview and the values of Back2Back.** Any materials that do not represent a biblically-based lifestyle or are deemed inappropriate for your child's age or culture will not be forwarded.

Thank you for writing to your sponsor child!
